Conference Venue

Dubai is a city of fortune and is strictly marching towards high-level technology upgradation in the fields of infrastructure and medicine fields. According to recent surveys, it is said to be every nine out of 10 patients treated in Dubai Healthcare City which is the world's largest healthcare free zone, are satisfied with the services they receive. Dubai has also started its way towards research and development and it is now believed to be a major hub in the world for introducing new technologies. Dubai has now transformed into a smart city where fields such as education, healthcare, and general security are sophisticated and well-doing with technology inclusion. Dubai, since 1833 has been ruled by the reigning Al Maktoum family. Dubai is located on the Eastern coast of the Arabian Peninsula, in the south-west corner of the Arabian Gulf. Emirati people are famous for their warm hospitality and rich cultural heritage. Dubai holding features as having bright sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls attract millions of travelers and business visitors each year from around the world. Dubai has successfully captured the world's eyes with its astonishing constructions, such as man-made islands, the building of a new coast-line, the world's tallest habitable tower, new parameters of leisure water-front living, the world's largest mall, a rotating tower etc. The local currency is the dirham, which is pegged approximately at AED 3.67 to 1 US dollar. Dubai is also famous for its Arts & Culture Events, Music, Concerts & Comedy Events, Entertainment Events, Sports Events, Family Events, Trade Shows, and Exhibitions.
